Letter from the Chair

Dear security holder,

I am pleased to invite you to the 2026 Annual General Meetings (**AGM**) of Transurban Group on Wednesday, 21 October 2026 at 11:00am (AEDT).

You are invited to attend the AGM in person at the Melbourne Convention and Exhibition Centre. For those of you who are unable to attend in person, or who prefer to attend virtually, you may participate in our 2026 AGM online in real time at <https://meetnow.global/MJAGSN9>. The meetings will also be webcast, and recorded, so that you may also view the webcast after the AGM via the Transurban website at www.transurban.com/agm. Further details are set out in this Notice.

At the AGM, the CEO, Michelle Jablko, and I will update security holders on the operations and performance of Transurban Group. Further information on the Group's financial and operational performance is also provided in our Corporate Report for the year ended 30 June 2026, which is available on Transurban's website at www.transurban.com/investor-centre/reporting-suite.

The AGM allows you to vote on matters important to you as a security holder and the Board encourages security holders to vote on the resolutions put before the AGM either in person or via the online platform. If you are unable to attend on the day, security holders are encouraged to vote in advance of the meetings by lodging a proxy.

You may choose to consider and vote on the following resolutions, as detailed further in this Notice:

The AGM is also an important opportunity for the Board to hear directly from security holders. If you wish to submit questions in advance of the AGM, you may do so by emailing corporate@transurban.com or via www.investorvote.com.au by Wednesday, 14 October 2026. We hope to address as many of the more frequently asked questions as practicable at the meetings. Item 2 – Election and re-election of directors (THL and TIL only)

Recommendation:

The directors of THL and TIL unanimously recommend that security holders vote in favour of adopting the Remuneration Report.

Item 4 – Grant of deferred securities and performance awards to the CEO and Managing Director (THL, TIL and THT)

Security holder approval is being sought for the proposed grant of deferred securities and performance awards to the CEO and Managing Director, Michelle Jablko, under the Transurban Group's Deferred Short Term Incentive (Deferred STI) and Long Term Incentive (LTI) Plans on the terms set out below.

Scheme	Award
Deferred Short Term Incentive Plan	50% of STI (worth up to \$1,144,500) awarded as deferred securities, restricted for two years following the performance year ended 30 June 2026.
Long Term Incentive Plan	214,792 performance awards, with a four-year performance period ending 30 June 2030.

ASX Listing Rule 10.14 requires security holder approval before an issue of Transurban securities can be made to a director under an employee incentive scheme. Approval is not required if the terms of the grant allow the securities (or, in the case of performance awards, require the underlying securities) to be purchased on-market. Transurban is seeking security holder approval in the interests of transparency and good governance, and to preserve flexibility so that Transurban can issue the stapled securities or purchase the stapled securities on-market at the relevant time.

If item 4 is approved by security holders, grants will be made under the Transurban Group's Deferred STI and LTI Plans on the terms set out below.

If security holder approval is not provided, the Board intends to satisfy these awards in the form of cash or by purchasing the Transurban stapled securities on-market (as applicable), subject to the terms outlined in these Explanatory Notes, to compensate Ms Jablko for the remuneration she would forego if security holder approval were not obtained.

Deferred STI Plan terms and conditions

If security holder approval is obtained, up to \$1,144,500 worth of deferred securities will be granted to the CEO as part of her remuneration package for the 2026 financial year (**FY26**). Each deferred security is a fully paid ordinary Transurban stapled security that is subject to a service condition during the two-year period they are restricted following the performance year. Unless the Board determines otherwise, vesting of the deferred securities is subject to Ms Jablko's continued employment with the Transurban Group as at the vesting date, which is expected to be in August 2028. There are no further performance conditions attached to this award and upon vesting, the deferred securities will cease to be subject to any dealing restrictions (other than the requirements of the Transurban Dealing in Securities Policy).

Deferred securities carry the same dividend, distribution and voting rights as other fully paid securities in the Transurban Group. As the deferred securities are part of the CEO's remuneration, no amount is payable on the grant or vesting of a deferred security.

The deferral element creates a strong retention proposition for the CEO as vesting is subject to employment not being terminated for cause or by resignation during the deferral period. The deferral also ensures that the award remains subject to the security price, which is intended to support increased alignment between the CEO and security holders.

Ms Jablko's FY26 STI outcome was assessed as 108% of target (\$2,110,000) and disclosed in Transurban's 2026 Remuneration Report. 50% of her STI was paid in cash and it is proposed 50% will be deferred into Transurban securities. The number of deferred securities to be granted to Ms Jablko will be determined by dividing \$1,144,500 by the 10-day Volume Weighted Average Price (**VWAP**) of Transurban securities over the 10 business days immediately preceding the Deferred STI offer.

LTI Plan terms and conditions

If security holder approval is obtained, performance awards will be granted to the CEO as part of her remuneration package for the 2027 financial year (**FY27**). Each performance award entitles the CEO to one fully paid ordinary Transurban stapled security at the end of the four-year performance period, subject to the satisfaction of the performance measures described below. Securities allocated to the CEO on vesting of the performance awards will rank equally with other Transurban securities.

The total number of performance awards to be granted to the CEO is determined by applying the valuation methodology (as set out below).

The valuation methodology is based on a face value approach. The number of performance awards to be granted is calculated based on 100% of the CEO's total LTI opportunity (\$3,209,000) divided by the face value valuation (being \$14.94). The face value valuation is based on the VWAP of Transurban's securities traded on the ASX in the 10 trading days up to and including 30 June 2026.

The total number of performance awards to be granted to the CEO will not exceed 214,792.

As the CEO's LTI grant forms part of her total remuneration package, the performance awards will be granted at no cost to the CEO. No amount is payable on vesting of the performance awards. The performance awards will be granted under, and subject to, the Equity Incentive Plan Rules which govern the Transurban Group's LTI Plan. Performance

awards do not provide the full benefits of ownership (such as distribution and voting rights) unless the performance awards vest and securities are allocated to the CEO. Transurban grants the CEO's LTI in performance awards because they create alignment between the CEO and security holders and focus on the achievement of sustainable longer-term value creation.

If security holder approval is obtained, it is anticipated that the performance awards will be granted to the CEO shortly after the meetings. No performance awards will be granted pursuant to this approval more than 12 months after the date of the meetings.

If the performance measures are satisfied, the performance awards will automatically vest. Whilst the Board has discretion to grant cash payments of equivalent value at the end of the performance period, it is the Board's current intention to settle any vested performance awards in Transurban securities.

Performance measures

The performance awards will be granted to the CEO in two equal tranches, which are subject to the following performance measures over a four-year performance period:

- relative TSR tranche – half of the performance awards will be subject to a vesting condition based on relative Total Shareholder Return (**TSR**) measured against a bespoke comparator group comprising companies within the ASX 150 in the transport, utilities, real estate, construction and infrastructure Global Industry Classification Standards sectors; and
- FCF per security tranche – half of the performance awards will be subject to a vesting condition linked to Free Cash Flow (**FCF**) per security (see further details below), which reflects the Transurban Group's focus on the maximisation of free cash to drive security holder return.

The performance awards that do not vest at the end of the performance period will lapse. There is no re-testing of performance awards.

Relative TSR measure

The relative TSR tranche is measured against a bespoke comparator group comprising companies within the ASX 150 in the transport, utilities, real estate, construction and infrastructure Global Industry Classification Standards sectors.

The performance awards will begin to vest if Transurban Group's relative TSR performance is at least above the median of the bespoke comparator group of companies at the end of the performance period, in accordance with the following vesting schedule:

Transurban Group's relative TSR ranking against comparator group	% of performance awards that vest
At or below the 50th percentile	Nil
Above the 50th percentile but below the 75th percentile	Straight line vesting from 50% to 100%
At or above the 75th percentile	100%

At the end of the performance period, Transurban Group will receive an independent report that presents Transurban Group's TSR growth against the bespoke comparator group and that of each company in the comparator group. Rankings are awarded (the highest ranking company being ranked at the 100th percentile) to determine the extent to which performance awards will vest. As shown by the schedule above, no performance awards will vest unless Transurban Group's relative TSR is above the 50th percentile. The Board has discretion to adjust the bespoke comparator group (for example, if one of the companies is wound up or merges with another company) and to amend the relative TSR calculation methodology.

Free Cash Flow per security measure

Within the Transurban Group, FCF per security from 1 July 2026 is defined as:

- Proportional EBITDA
- **add back:** non-recurring items, which may include, among other things, transaction, integration and litigation liability costs
- **less:** proportional net finance costs paid
- **less:** proportional debt fees paid
- **add/less:** proportional debt amortisation

The FCF per security tranche of the performance awards will vest depending on the Transurban Group's compound annual growth rate (**CAGR**) targets translated into annual FCF (excluding Cash Reserve and Capital Releases) per security over the four-year performance period.

The FCF per security vesting schedule is as follows:

% CAGR in FCF (excluding Cash Reserve and Capital Releases) per security (base of 67.7 cents per security (cps))¹	% of performance awards that vest
Below 4.0%	Nil
4.0% to 6.0%	Straight line vesting from 50% to 100%
At or above 6.0%	100%

The annual growth rate may be higher or lower in a given year, however this translates to an aggregate FCF as shown below.

	FCF growth based on FY26 free cash	Aggregate FCF (cps)
Base	67.7 cps	
50% vesting	4.0% CAGR	299.0
100% vesting	6.0% CAGR	313.9

The aggregate FCF growth associated with the FY27 LTI Plan includes the reduced contribution from the M5 West concession to 50% ownership from 100% after it transfers to WestConnex in FY27. The reduced contribution from the M5 West concession results in approximately 2.3% lower CAGR over the performance period based on FY26 free cash contribution.

The target growth range includes sufficient stretch and is appropriately challenging for management, including requiring appropriate management action to offset the 50% reduction of the M5 West concession contributions and A25 divestment during the performance period. It should be noted that there are a number of potential sources of uncertainty such as unanticipated changes in traffic patterns, as well as macro-economic factors such as interest rates and potential new growth opportunities that may impact FCF results each year.

The FCF calculation is determined on a per security basis by the Board, in its sole discretion. The Board has discretion to adjust the calculation of FCF per security (for example, to adjust for the impact of significant events, including but not limited to, major projects being undertaken during the performance period that impact on FCF). The number of

¹ The FCF (excluding Cash Reserve and Capital Releases) per security target range is calculated taking into account each of the FCF budget and forecasts over a four-year performance period and determining the CAGR required to achieve the four-year aggregated FCF. The calculation specifically excludes any contributions from Cash Reserve and Capital Releases. Capital Releases refers to the injection of debt into Transurban assets, thereby releasing equity, and Cash Reserve Releases refers to the permanent movement in cash reserves that were required under relevant concession and/or loan agreements.

securities will be calculated for each financial year and will be expressed as a weighted average over the relevant period. The movement in FCF per security best reflects the Transurban Group's underlying business performance. The Transurban Group's FCF outcome for each financial year will be included in the Transurban Group's audited financial statements for the relevant year.

Other terms that apply to both the Deferred STI and LTI Plans

Treatment of deferred securities and performance awards on cessation of employment

Deferred STI Plan: If the CEO resigns or her employment is terminated for cause before the end of the two-year restriction period, any unvested deferred securities will be forfeited (unless the Board determines otherwise). In all other circumstances, unless the Board determines otherwise, unvested deferred securities will remain on foot and subject to the original terms and the deferred securities may vest at the end of the deferral period.

LTI Plan: If the CEO resigns or her employment is terminated for cause before the vesting conditions are tested, all of her unvested performance awards will lapse (unless the Board determines otherwise). In all other circumstances, unless the Board determines otherwise, a pro rata number of the CEO's performance awards will remain on foot (calculated on the portion of the relevant performance period that has elapsed) and will vest at the end of the performance period subject to satisfaction of the original performance conditions.

Takeover or other change of control of Transurban Group

In the event of a takeover or other change of control event, the Board may decide that some or all deferred securities and performance awards will vest or lapse/be forfeited in accordance with the Equity Incentive Plan Rules governing the Deferred STI and LTI Plans.

In determining whether to exercise its discretion, the Board may have regard to any circumstances it considers appropriate. If an actual change in control occurs before the Board has exercised its discretion, the deferred securities will vest in full and cease to be subject to restrictions and a pro rata number of performance awards will vest (calculated on the portion of the relevant performance period that has elapsed) and the remainder will lapse. Generally, performance awards that vest following a change of control will not be subject to restrictions on dealing.

Other Board discretions

Under the Equity Incentive Plan Rules governing the Deferred STI and LTI Plans, the Board has a number of other discretions in relation to deferred securities and performance awards. This includes the ability to exercise malus and clawback powers and to amend the terms applying to deferred securities and performance awards in certain circumstances (such as the discretion to delay the vesting date of deferred securities and performance awards under the Transurban Dealings in Securities Policy or to allow time to determine the appropriate outcome if there is an investigation underway). The Board may, subject to requirements under the ASX Listing Rules, make adjustments to the terms of the deferred securities and performance awards granted to minimise material advantage or disadvantage to the CEO resulting from a corporate action by, or capital reconstructions in relation to, the Transurban Group. As outlined above, the Board also has discretion to adjust the vesting conditions, including to include or exclude any items from calculations or to update the LTI Plan comparator group for the relative TSR calculation to take into account unforeseen circumstances. Information about the Deferred STI and LTI Plans is also included in the Remuneration Report for the year ended 30 June 2026.

Total remuneration package

The ASX Listing Rules require this Notice to include details of the CEO's current total remuneration package.

The CEO's current remuneration package consists of the following:

- Fixed remuneration (including superannuation): \$2,183,000.
- Short Term Incentive target opportunity (at-risk): \$2,183,000 (100% of fixed remuneration).¹
- Long Term Incentive opportunity (at-risk): \$3,209,000 (147% of fixed remuneration).²

Other information

In relation to the Deferred STI and LTI Plans:

- the Equity Incentive Plan Rules were adopted by the Board in December 2019 and govern the Deferred STI and LTI Plans. Michelle Jablko, as CEO and Managing Director, to date has been issued 76,237 deferred securities (at no cost) under the terms of the Deferred STI Plan and has received a total of 844,859 performance awards (at no cost) under the terms of this LTI Plan;
- if item 4 is approved, the deferred securities and performance awards will be allocated to Michelle Jablko as soon as practicable after the meetings and in any event within 12 months of the meetings;
- there is no loan scheme in relation to the deferred securities or performance awards;
- the CEO is prohibited from hedging the security price exposure in respect of deferred securities and performance awards during the restriction period applicable to those deferred securities and the performance period applicable to those performance awards; and

- details of any deferred securities and performance awards issued under the Deferred STI or LTI Plans will be published in Transurban's Corporate Report relating to the period in which they were issued, along with a statement that approval for the issue was obtained under ASX Listing Rule 10.14. Any persons covered by ASX Listing Rule 10.14 who become entitled to participate in an issue of deferred securities or performance awards under the Deferred STI or LTI Plans (as applicable) after this resolution is approved and who are not named in this Notice will not participate until approval is obtained under ASX Listing Rule 10.14.

Please note a voting exclusion applies to this item – please refer to page 6.

Recommendation:

The directors (with Ms Jablko abstaining) consider the grant of deferred securities and performance awards to the CEO and Managing Director to be appropriate in all the circumstances and unanimously recommend that security holders vote in favour of the grant.

¹ 50% is awarded in cash and 50% is deferred into Transurban securities restricted for two years following the performance year. Maximum short term incentive opportunity represents 150% of fixed remuneration.

² Granted in the form of performance awards. The number of performance awards to be granted is calculated based on 100% of the CEO's LTI opportunity (being \$3,209,000) divided by the face value valuation (being \$14.94).

Further details on how to participate in the meetings

Stapled security holder meetings

At present, the shares in THL and TIL and the units in THT are stapled together under the THL constitution, the TIL constitution and the THT constitution to form stapled securities. This means that all shareholders of THL and TIL are also unitholders of THT (together, **security holders**) and, as such, the meetings of THL and TIL and of THT are held concurrently.

Required majority and voting entitlement

The resolutions described in items 2, 3 and 4 are ordinary resolutions and each will be passed if more than 50% of votes cast by security holders entitled to vote on the resolution are cast in favour of the resolution.

The vote on each resolution will be decided on a poll as determined by the Chair of the meetings, subject to any requirements of the *Corporations Act 2001* (Cth) (**Corporations Act**) and the THL, TIL and THT constitutions.

On a resolution of THL or TIL determined by a poll, each security holder present at the meetings in person or online, or by proxy, attorney or representative has one vote for each fully paid ordinary share held. On a resolution of THT determined by a poll, each security holder present at the meetings in person or online, or by proxy or representative has one vote for every dollar of the value of the total interest they have in THT. The value of a security holder's total interest in THT will be calculated by reference to the last sale price of stapled securities on the ASX on Tuesday, 20 October 2026.

How to vote and appoint a proxy

Eligibility to vote

For the purposes of determining entitlement to vote at the meetings, stapled securities will be taken to be held by those registered as holders as at 7:00pm (AEDT) on Monday, 19 October 2026. Transactions registered after that time will be disregarded in determining security holders' entitlement to vote at the meetings.

Voting at the meeting

A security holder can vote at the meetings by:

- attending and voting in person, or if the security holder is a corporate security holder, appointing a corporate representative to attend in person and act on the security holder's behalf;
- appointing an attorney or a proxy to attend in person or online and vote for the security holder; or
- attending and voting online in real time, or if the security holder is a corporate security holder, appointing a corporate representative to act online on the security holder's behalf.

Voting by corporate representative

Any corporate security holder or proxy must appoint a person to act as its representative. The representative must provide Computershare with a formal notice of appointment signed as required by section 127 of the Corporations Act or the constitutions of THL and TIL prior to the meetings. A form of notice of appointment can be obtained from Computershare or downloaded from www.computershare.com.au (Investor Centre).

Voting by proxy

If a security holder does not want to participate in the AGM in person or in real time online, or is unable to attend on the day, the security holder can appoint a representative or the Chair of the meetings as proxy to vote for the security holder. Your proxy need not be a security holder and can be either an individual or a body corporate. The proxy can be appointed in respect of some or all of the votes held by the security holder. If the security holder is entitled to cast two or more votes, the security holder can appoint two proxies and specify the proportion or number of votes each proxy is appointed to exercise. If the proportion or number of votes is not specified, each proxy may exercise half the votes. On a poll, each proxy may only exercise votes in respect of those securities or voting rights the proxy represents.

If a security holder has specified how the proxy should vote on an item of business, but the proxy does not attend the meetings or does not vote on the item as directed, then the Chair of the meetings will be taken to have been appointed as the security holder's proxy and will vote in accordance with the security holder's directions.

If you do not direct your proxy how to vote on a particular item of business, you are authorising your proxy to vote as your proxy sees fit, subject to any applicable voting exclusions.

If you appoint the Chair of the meetings as your proxy (or if the Chair of the meetings is appointed by default), and you do not direct your proxy how to vote on a particular item of business, then by completing and submitting the proxy appointment you are expressly authorising the Chair of the meetings to vote as they see fit on these items even though the items may be connected with the remuneration of members of KMP (items 3 and 4).

Security holders who elected to receive their notice of meetings electronically or have provided Transurban with their email address will have received an email with a link to the Computershare site.

In order to take effect, the proxy appointment (and any authority under which the proxy was signed or a certified copy of the authority) must be received by Computershare, no later than **11:00am (AEDT) on Monday, 19 October 2026**.

Security holders who appoint a proxy or attorney may still attend the meetings in person or view the live meetings online. However, if the security holder votes on a resolution, the proxy or attorney is not entitled to vote as that security holder's proxy or attorney on the resolution.

You can arrange to receive security holder information electronically by contacting Computershare on 1300 360 146 (within Australia), +61 3 9415 4315 (overseas) or at www.computershare.com.au (Investor Centre).

Completed proxy forms (together with any authority under which the proxy was signed or a certified copy of the authority) must be returned to Computershare no later than **11:00am (AEDT) on Monday, 19 October 2026**. The power of attorney must be provided to Computershare as set out above.

Voting exclusions

Certain voting restrictions apply to item 3 (Adoption of Remuneration Report) and item 4 (Grant of deferred securities and performance awards to the CEO and Managing Director). If you wish to appoint a member of the KMP (which includes each of the directors and the Chair of the meetings) as your proxy or attorney, please read the voting exclusions carefully. Security holders are encouraged to direct their proxies how to vote.

How the Chair of the meetings intends to vote available proxies

The Chair of the meetings intends to vote all available proxies in favour of all resolutions.

Webcast

As in prior years, the AGM will be webcast. A webcast of the AGM will be made available via Transurban's website at www.transurban.com/agm. The webcast will be recorded and be made available to view after the meetings.

Conducting the AGM

The AGM is intended to give security holders the opportunity to:

- hear presentations from the Chair and the CEO about the operations and performance of Transurban Group;
- consider and vote on the resolutions being put to the meetings; and

- ask questions of the Board, management and the auditor generally on the items of business being put to the meetings, the management of Transurban Group, the conduct of the audit, the preparation and content of the Auditor's Report, the accounting policies adopted in relation to the preparation of the financial statements, the policies adopted in relation to the preparation of any sustainability reports Transurban Group is required to prepare, and the independence of the auditor in relation to the conduct of the audit. The Chair of the meetings and the CEO will generally answer questions on behalf of the Board and management.

To help achieve these objectives Transurban Group will:

- enable all security holders to participate in the meetings, in person and via the online platform;
- webcast the meetings for the benefit of those security holders unable to attend or view the meetings live;
- provide a reasonable opportunity for security holders at the meetings to ask questions of the Board either in person or through the online platform if attending the meetings online;
- answer security holders' questions honestly and fairly; and
- inform security holders as to the proxy voting positions with respect to the resolutions to be considered by the meetings and the manner in which the Chair of the meetings intends to vote available proxies.

Transurban Group asks that security holders:

- are courteous and respectful to all security holders and others attending the meetings;
- keep their questions and comments to a reasonable length of time to allow as many security holders as possible who may wish to speak at the meetings the opportunity to do so; and
- confine their questions to the matters before the meetings.

Questions and comments from security holders

Transurban Group is committed to making sure that all security holders have a reasonable opportunity to participate in the meetings. Security holders can ask questions and make comments in person or, if attending the meetings online via the online platform. To help achieve this, Transurban asks that security holders:

- submit written questions in advance of the meetings by:
 - emailing corporate@transurban.com or
 - online at www.investorvote.com.au.

Questions must be received by Wednesday, 14 October 2026;

- if attending the meetings online and submitting their written questions at the meeting, submit their questions as early as possible;
- are courteous and respectful when submitting or asking their questions; and
- state their questions clearly and concisely, which agenda item their question relates to, and confine their questions to the matters before the meetings.

The Chair of the meetings will endeavour to address as many of the more frequently raised relevant questions as possible during the course of the meetings. However, there may not be sufficient time available at the meetings to address all of the questions raised. Please note that individual responses will not be sent to security holders.
