Works Notification

OCTOBER 2026

WEST GATE TUNNEL PROJECT

Landscaping and reinstatement works Watson Street South Kingsville and The Avenue Reserve, Spotswood

When we'll be working

Monday to Friday between 7:30am – 5:30pm
from 5 Nov to 18 Dec 2026

What we'll be doing

We're finishing the transformation of the area south of West Gate Freeway to create new open space with greater community connectivity, including:

- Creating new open space for community to enjoy
- Adding shared user paths, including a new connection to Federation Trail under West Gate Freeway
- Completing landscaping around a new natural playground for children to play and explore
- Additional tree planting in the area, including at The Avenue Reserve

The Project appreciates the community's patience while we've been finalising plans for this area, in consultation with council, local residents and stakeholders.

Artist Impression, final design may vary

What to expect

The works zone will be fenced off from the public while the works are completed. There will be increased activity with vehicles and workers.

In order to level land south of the Freeway and west of Watson and New streets, crews will be removing pre-existing soil mounds. These mounds were present prior to the Project commencing and contain a mix of materials including low-level contaminants. As a precaution, specialised crews with protective equipment will complete this removal. This activity poses no risk to the community as access to the work zone will be restricted.

We'll let the community know when the works are complete and the playground, open space and new paths are ready to enjoy.

Construction Impacts

	Dayworks – some construction vehicles and equipment for landscaping works. General low level construction noise may be generated.	Ongoing
	Traffic management will be in place to safely separate the works area. Changes to Watson Street between Truman and New streets, local access will be maintained.	Ongoing
	Removal and cartage of soil mounds.	Approx. 7 working days in mid - Nov

More Information

We appreciate our work can be disruptive and thank you for your understanding.

Works may be rescheduled in the event of unexpected impacts.

If you have any questions about these works, please contact us at viccommunity@transurban.com
