Transurban Paiabun Kurumba
STEM scholarship

We love building and running roads, because roads connect people with where they want to go. We want to help you get where you want to go, whether it's designing and constructing bridges and tunnels, or developing the technology to prepare our city for the future of autonomous vehicles.

In partnership with the Queensland Aboriginal and Torres Strait Islander Foundation (QATSIF), the Transurban Paiabun Kurumba STEM Scholarship will help you complete year 11 and 12, and give you a taste of where your interest in science, technology, engineering and maths (STEM) could take you. You'll also get a front row seat into the inner workings of one of the world's largest toll road operators. So if you have an interest in STEM, we want to hear from you.

Applications close: 30 November 2021

Is this scholarship for you?

- Are you passionate about science, technology, engineering and mathematics subjects?
- Are you interested in a career in engineering, construction or technology?

If this sounds like you and you are a current Year 10 student who has applied for a QATSIF scholarship, we want to hear from you. In addition to a QATSIF QCE scholarship of $2000 (funded by Transurban Queensland) you'll get the following benefits and opportunities:

- $500 to spend on an IT device eg iPad or laptop
- Work experience opportunities with Transurban Queensland in technology and engineering
- Access to mentoring with Transurban Queensland
- Visits to Transurban Queensland's offices, construction sites and state-of-the-art traffic control centres
- Invitations to Transurban Queensland events.

About Transurban

Transurban Queensland operates and maintains 81km of tolled roads, bridges and tunnels in Brisbane including the Gateway and Logan motorways, Go Between Bridge, Clem7, Legacy Way and AirportlinkM7. Transurban is driven by bringing people and places closer. The roads we plan, build, operate and maintain make communities stronger, across Australia and beyond. We're getting people where they need to go, safer and sooner.

← *As part of the program you can work with our Engineering Team, see how we manage traffic and get a behind the scenes look in some of Brisbane's iconic tunnels*

To apply

Complete the attached application form and submit a 500 words or less response to the scholarship questions attached.
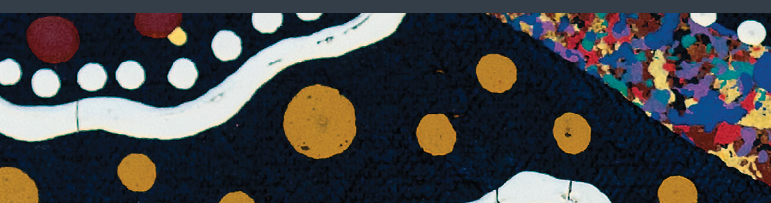

Please return your application form to enquiries@qatsif.org.au by 30 November.
